CS 340 Fall 2019
General Information

Instructor: Thomas Gendreau

Office: 211 Wing

Office Phone: 785-6813

Office Hours: 3:15-4:00 M, F
1:30-3:30 W
Feel free to see me at times other than my office hours.

email: tgendreau@uwlax.edu
course website: www.cs.uwlax.edu/~tgendreau/cs340/cs340.html

Textbook: Data Structures and Algorithm Analysis in Java 3rd Edition by Mark Allen Weiss

Grading: 200 points: 10 quizzes (best 10 out of 12)
200 points: Homework
100 points Cumulative final exam
500 total points

Attendance: Class attendance is required. Lectures will be the only source for some class material. If you miss class, it is your responsibility to get notes from a classmate.

A quiz will be given in class every Friday except September 6. No makeup quizzes will be given. Unusual situations such as multi-week illness will be handled on an individual basis.

Homework: Keep copies of each homework until it is graded.

Final Exam Time: I am teaching two sections of CS 340. Students in either section can take the final exam at either 4:45-6:45 on Tuesday December 17 or 12:15-2:15 on Wednesday December 18. The exams will be different but in my estimation they will be the same level of difficulty. Of course you can only take one of the exams.

The exact grade ranges will not be determined until after the final exam. Estimated grades will be shown after quizzes 4, 8, and 12. Border line point values will be assigned letter grades using the instructor's subjective evaluation of a student's work.
