

CS 442/542 Spring 2021 Quiz 7

Name: _____

1. Use the grammar and the LR(1) action and goto tables shown on page 120 in the textbook to show the contents of the parse stack up to the point where the input $() (()) ()$ is accepted. You do not need to show the "Handle" column.

Iteration	State	Word	Stack	Action
------------------	--------------	-------------	--------------	---------------
